Do you know someone who has struggled with mental illness or addiction, or are you concerned about how these issues are affecting our society? Until April 2, Richmond Art Museum is host to an interactive exhibit designed to inspire new ways to talk about creativity, addiction, and mental illness. The show features works by Amos Lemon Burkhart (grandson of Marcia Lemon, whom some of you may have known), a talented and prolific artist who unfortunately died at age 19 -- the consequence of a combination of poor choices and poor judgment. Amos' parents put together this exhibit to help other young people. It's aimed at high school and college ages, but is informative and inspirational for everyone. RAM open from 10-5 Tuesday through Saturday. There is no admission fee.

Barbara Anne will be out of the office the week of March 6th to attend the Clergy & Commission on Ministry Retreats at Waycross
